

PREMIER ORLANDO REPLIES TO WILSON

DECLARES ITALY MUST HAVE PROTECTION ALONG THE EASTERN ADRIATIC

Situation as Regards to Italian Claims is Still Acute—Orlando and Barzilai Leave for Rome—Reports Say Italy is Much Excited Against the Peace Conference—London Papers Comment.

BULLETIN. PARIS, April 24.—(By The Associated Press.)—Premier Orlando and Signor Barzilai will leave for Rome tonight. This decision was announced after Premier Orlando's return from his conference with the other members of the council of four, at which, according to the Italian premier, only questions of principle, and not territorial questions were discussed. This is explained as meaning that the discussions centered on the question of prestige, involved in the publication of President Wilson's statement and that no effort was made to reach a settlement on a territorial basis. The conference lasted two hours. Baron Sonnino, the foreign minister, and the Italian delegates and representatives, will remain in Paris temporarily.

BULLETIN. ROME, April 24.—The decision of Premier Orlando to return to Rome from the peace conference was cheered by crowds in the streets here tonight, the people applauding whenever the names of Italy, Fiume or Orlando were mentioned. All shops were closed during the evening. Telegrams from all the large towns of Italy report great demonstrations and much excitement. There is a universal protest against Mr. Wilson's stand against Italy's claims to the Dalmatian coast.

(By The Associated Press) Vittorio Orlando, Italian premier, has delayed his intended departure for Rome long enough again to sit in conference with the other members of the council of four—Premier Lloyd-George, Premier Clemenceau and President Wilson. The question of Fiume and the Dalmatian coast, over which the council is at odds, did not come up and only questions of principle were discussed. While Signor Orlando is returning immediately to Italy, there to lay the details of the peace conference before parliament, Baron Sonnino, Italian foreign minister, and the other Italian representatives will remain temporarily in Paris.

The situation as regards Italy's claim is still acute. There apparently has been no recession by the Italians from their stated terms, nor is there any indication that the British and French premiers and President Wilson have receded from their stand.

Signor Orlando has replied to the statement of President Wilson with regard to the Italian situation.

The statement of the premier contends that, in addition to the safety of Italy on the front of the Alps, his country requires protection on her flank along the eastern Adriatic and that the people along the Dalmatian coast should be permitted to have the right of self-determination in the matter of Italian sovereignty.

Declare Statement an Insult. Paris, April 24.—(By The Associated Press.)—Premier Orlando and the other members of the Italian delegation apparently much angrier over President Wilson's world-wide publication of his position on the Adriatic question than over the fact that diplomatic procedure has been violated and what is termed an insult to the Italian government because the president made his position known to the Italian people over the head of the peace delegation. Discussing this, a member of the American peace delegation said: "Fiume or nothing" has been the Italian delegation's unalterable formula for nearly eight weeks, and their firm insistence upon the settlement of the Adriatic question before an agreement upon the peace terms forced President Wilson to tell the world where he stands. The atmosphere of the conference simply had to be cleared, and there was no other way.

The effort of the Europeans to invoke the rules of diplomatic procedure and the conflicting statements, clouded in obscurity, have been noted by the American delegates and correspondents. The professions of surprise of the Italians at President Wilson's statement amazed the correspondents, who have positive knowledge that the statement was submitted to Premier Orlando several days before its publication and that he sought advice about drafting a reply.

Rome Much Excited. London, April 24.—(By The Associated Press.)—Public opinion in Italy, according to a wireless message from Rome, is much excited against the peace conference for refusing to recognize Italian claims. Apparently there is a complete truce in party politics and the newspapers are united in their opposition to the peace conference. "We are obliged to point out," says the newspaper, "that in this very treaty Fiume was assigned to the Croats. If, then, the appeal is to the treaty, we are as much bound not to give Fiume to Italy as we are bound to give her the other territories." If the Italians claim Fiume under the principle of self-determination, adds the Gazette, that principle also applies to the Slav regions which were assigned to Italy under the treaty. The Evening Standard says it cannot pretend to be convinced by President Wilson's arguments, while the Pall Mall Gazette says that Italy is claiming the fulfillment of the treaty where she is the gainer by its terms and its

Premier Orlando's Reply to Wilson

PARIS, April 24.—(By The Associated Press.)—Following is the text of Premier Orlando's statement: "Yesterday, while the Italian delegation was discussing counter-propositions which had been received from the British prime minister and which had for their aim the conciliation of contradictory tendencies which were manifest concerning Italian territorial aspirations, the Paris newspapers published a message from the president of the United States, in which he expressed his own thought on one of the gravest problems which has been submitted to the judgment of the conference. "The practice of addressing nations directly constitutes surely an innovation in international relations. I do not wish to complain, but I wish to record it as a precedent, so that at my own time I may follow it, inasmuch as this new custom doubtless constitutes the granting to nations of larger participation in international questions, and, personally, I have always been of the opinion that such participation was the harbinger of a new order of things.

Loyal Ally to America. "Nevertheless, if these appeals are to be considered as addresses to nations outside of the governments which represent them (I may say even against the governments) I should feel deep regret in recalling that this process, heretofore applied to enemies, has been intended to remain a loyal ally of the great American republic, namely, to the Italian government."

Premier Orlando says that he might complain that such a message addressed to the Italian nation had been published at the very moment when the allied and associated powers were negotiating with the Italian government, the help of which had been sought and appreciated in numerous serious questions heretofore discussed in intimate and complete solidarity.

"Above all," he continues, "I should have the right to complain if the declarations of the president message have the purpose to oppose the Italian people to the Italian government, because it would misconstrue and deny the high degree of civilization which the Italian people has attained and its democratic and liberal regime. To oppose the Italian people and government would be to admit that this great free nation would submit to the yoke of a will other than its own, and I should be forced to protest strongly against suppositions unjustly offensive to my country."

Principles Violated. Referring to President Wilson's statement, Premier Orlando said it entirely purports to demonstrate that the Italian claims beyond certain limits laid down in his message violate the principles upon which must be founded the new regime of right, justice and liberty among peoples. The premier adds that he never denied the principles and that even President Wilson would do him the justice to say that in the long conversations they had had together, he (Orlando) had never relied upon the formal authority of a treaty by which he knew President Wilson was not bound but merely relied on reason and justice, upon which Italy's claims were based.

Signor Orlando deplors that he could not convince President Wilson although the president admitted that justice and truth are the monopoly of no man and that all men err. The conference, he points out, has had to change its mind many times, and he does not think himself disrespectful by asking it to change it again.

"I consider as unjustified the application that, in his statement, President Wilson makes his principles toward the Italian claims," Premier Orlando continues. "It is impossible for me to repeat the detailed arguments which have been produced in Italy's behalf."

abrogation where it stands in the way of her full demands. "Her statesmen," the Pall Mall Gazette adds, "must realize upon reflection that the second attitude undermines whatever moral force is inherent in the first."

The Evening Globe, which is strongly anti-Wilson, says the president has taken an impossible attitude. It refers to the Italian appeal as an insult to the Italians and suggests that his best course would be "to retire gracefully from a discussion which concerns neither himself nor the American continent."

Tumulty Issues Statement. Washington, April 24.—Secretary Tumulty in a statement issued tonight at the White House said a cablegram had been received from Premier Wilson in Paris "giving positive and unqualified denial" to reports that the president had entered into

a secret alliance or treaty with some of the great powers."

The statement given out at the direction of Mr. Tumulty, said: "In view of the fact that certain newspapers of wide circulation throughout the country have intimated that the president had entered into a secret alliance or treaty with some of the great powers, I conveyed this information to the president and am today in receipt of a cablegram from him giving positive and unqualified denial to this story."

Press dispatches from Paris several days ago said it was understood that the president was considering an understanding with France for the assistance of the United States in event of any future aggression by Germany. These dispatches asserted that the president upon his return might lay the details before the senate.

10,000 Yanks Leave for Home On Three Ships

WASHINGTON, April 21.—Sailing from France of four transports, the battleships Vermont and New Hampshire and the cruiser Frederic with a total of about 10,000 officers and men was announced today by the war department. The Vermont due at Newport News May 1 has on board detachments from the 53rd pioneer infantry; and the 114th engineers. The battleship New Hampshire, due at Newport News May 4, has on board detachments from the 53rd pioneer infantry; evacuation hospital No. 14 and 16; casual officers.

The transport Caserta due at New York, May 3, with the 66th company transportation corps; 50th, 60th and 65th aero squadrons; air service company No. 7 and 11 casual companies.

The Maui due at New York May 3rd with the headquarters 55th infantry brigade; 109th infantry and detachment of 110th infantry.

The Sewall Point will arrive at Newport News May 4 with a few casuals.

The transport Alphonso XIII is scheduled to arrive at New York April 30 with detachment of headquarters and headquarters troop 82nd division; three casual companies and 90 casual officers. The Frederick, due at New York May 4 has on board the 119th field artillery complete, seven casual companies and the 464th aero squadron.

The Canandaigua which was scheduled for New York has changed its course and will arrive at Philadelphia May 2.

U.S. Will Enforce the War Time Prohibition Act

NEW YORK, April 24.—The government proposes a literal enforcement of the war-time prohibition act, including a ban on production and sale of all beers and wines, whether or not they are intoxicating, the department of justice announced today in a special representative in the federal court here today.

While no steps will be taken to prevent brewing, pending a court determination of the laws' constitutionality raised by brewers of the New York district court, manufacturers will operate in peril of future prosecution, according to the statement of William C. Fitts, special counsel, appearing for Attorney General Palmer.

The attorney advised Judge A. N. Hand, who heard arguments on the government's motion to dismiss the suit brought on behalf of the National Brewing Company by the Jacob Hoffman Brewing Company to restrain the federal authorities from interfering with its production of two and three quarters per cent beer, that the department of justice did not know and did not care whether beer of the strength indicated was intoxicating.

The last prohibited sale after June 30 of distilled beverages as well as manufacture after April 20 and sale after June 30 of "beer, wine and other intoxicating, malt or vinous liquors for beverage purposes," pending the demobilization of the military forces, he said. The words "beer" and "wine" were not qualified, he added, and the apparent congressional intention to stop the "waste" of grains and fruits in their production in any strength would be enforced.

With "half the world" looking America for food, Mr. Fitts contended, the necessity for its conservation was greater "even than on the day of Chateau-Thierry," and it was equally essential that liquors be withheld from public sale while the army and navy were undergoing demobilization. To this statement Judge Hand added his opinion that the war was "still in progress," which upset one of the complainant's contentions.

VILLA LOOTS MINING TOWN.

Juarez, Mex., April 24.—Francisco Villa fought his way into Parral, the famous mining camp 125 miles southeast of Chihuahua City, Sunday morning after a battle which started at day-break Saturday and ended with Villa's entry at the head of 1,500 troops Sunday morning at 11 o'clock. The town was then looted. Three American mining men brought the information here tonight.

AERIAL MAIL SERVICE

Chicago, April 24.—Aerial mail service between Chicago and Cleveland will be started on May 15, according to Second Assistant Postmaster Otto E. Praeger, who was in Chicago today with John A. Jordan, superintendent of the western division of the aerial mail service.

SUBSCRIPTIONS TO FIFTH LOAN COMING IN FAST

Reports to Headquarters Show \$400,000,000 Raised

WASHINGTON, April 24.—Nearly \$400,000,000 additional Victory Liberty loan subscriptions were reported to national loan headquarters today and raised the total pledged so far to approximately \$400,000,000.

Differences appear to be developing between loan campaign managers of Iowa and Michigan, the two states which have subscribed their quotas, over the question of which was first to achieve this record. The treasury expressed no opinion as to which should receive first honors. The official summary of the campaign said, however, that a message from C. M. McNider, the Iowa sales director, received at 10:36 a. m. today, said that Iowa passed its quota yesterday afternoon at 3:36 p. m. A telegram from F. R. Fenton, of the Michigan committee, also received today, said that Michigan had passed its quota, but gave no time. Workers in each state are continuing to roll up subscriptions.

The Cleveland district continued tonight to lead all other districts in the number of communities reaching their quota, having 115. Sales were reported moving more slowly in the Kentucky area than in any other part of the district, only one-sixth of that section's quota being raised.

Glass in Chicago. Chicago, April 24.—Secretary of the Treasury Glass, on a western tour in the interest of the Victory loan, came here today and expressed surprise at the enthusiasm of mid-western communities. He believed that the loan would "undoubtedly be subscribed and very likely oversubscribed."

"However, the one thing which should be guarded against is overconfidence," the secretary cautioned. Aside from the secretary's visit, chief interest at seventh federal reserve district headquarters was discussion of the fact that both Michigan and Iowa had filled their quotas of \$110,925,000 each. Whether Michigan or Iowa is officially acclaimed by the treasury as the first state to succeed, the honors goes to the seventh district. Isabella, Manistee, Kent and Isosco counties, Michigan, filled their quotas today.

In Iowa, 90 counties out of the 99 have completed their allotments. Wisconsin, Illinois and Indiana were reported making substantial progress, but detailed reports were lacking.

GERMANS MAY FISH IN THE SKAGGERAK

PARIS, April 24.—The request of the German government that German fishermen be permitted to fish in the Skagerrak and Cattegat passages was granted by the supreme economic council Tuesday.

The council also approved the proposal for a more extensive use of the water-route thru Germany by way of Hamburg and the Elbe. It abolished the existing limitation of 8,000 tons of food and material in order to supply the present needs of the Czech-Slovaks. It is estimated that the traffic thru the Elbe probably will amount to from 25,000 to 35,000 tons at a time.

LABOR SITUATION IN U. S. IMPROVING

WASHINGTON, April 24.—Unemployment conditions throughout the United States are steadily improving, reports received by 3,147 representative concerns in 758 cities received by the United States Employment Service today showed. Reports from the 58 cities show 27 cities reporting a surplus of labor of 59,857 as compared with a surplus of 75,570 the previous week. Six of the cities show a combined shortage of 3,600 skilled and unskilled laborers—an increase of 150 for the week. The rest of the cities report an approximate equality of supply and demand.

JAPANESE PRINCE DIES

Tokio, April 24.—By The Associated Press.—Prince Sunchisa, head of the royal house of Takeda, died today.

Prince Sunchisa was born Sept. 22, 1852 and during recent years has served as commander of cavalry in the Japanese army. He was married at Tokio April 30, 1908 to Princess Masako, daughter of the late Emperor Mutsuhito. She and two children a son and a daughter survive.

Pershing Gives Prairie Troops 100 Decorations

LUXEMBURG, Wednesday, April 23.—By The Associated Press.—Among the interested spectators of the review of the Prairie Division here yesterday were three Illinois congressmen, Martin B. Madden, William B. McKinley and Richard Yates. Warren Pershing, son of the commander-in-chief who came to Europe with Secretary of War Baker also was present.

During the day more than 100 decorations were presented by General Pershing. Brig. General George Bell, Jr., commander of the division and General Paul Wolf, received distinguished service medals, and Colonel Joseph Sanborn and Abel David were given distinguished service crosses and one Belgian order of the crown.

Secretary Baker spent nearly two hours in strolling along the lines of troops while General Pershing passed from one company to another on his round of inspection. To his questions regarding food Mr. Baker received but few complaints and the men said their letters were coming thru from America in from two to three weeks. Most of the men with whom the secretary talked said they preferred immediate demobilization to a wait of two weeks at Camp Grant preparatory to the proposed parade of this division, the Thirty-Third in Chicago.

It happened that most of the men encountered by Mr. Baker during his walk were nearly six feet tall and so the secretary who is but 5 feet, 6 inches in height, asked for a company of smaller men. Meeting soldiers of his stature and some even smaller Mr. Baker asked one of the smallest if he had seen any Germans captured.

"Quite a number sir," replied the short doughboy. "Who captured them," asked the secretary. "The big men or little men?" "The little ones, sir," answered the doughboy, smilingly. "I knew the little men were fighters," was Mr. Baker's comment as he moved along to talk to other little fellows of the group.

The secretary also heard that quite a number of soldiers from the Thirty-Third were taking home with them Luxembourg girls as brides. There were five weddings in Diekirch and nearby villages last Sunday and several others will take place before the division leaves Luxembourg for good.

UNION HEADS APPEAL TO PUBLISHERS

NEW YORK, April 24.—Appeals to American newspaper publishers to aid in fighting the spread of ultra-radical principles, were made by the heads of two international printing trades unions today at the annual convention of the American Newspaper Publishers' Association. The day's sessions were devoted entirely to labor questions and heads of the four international unions engaged in the newspaper printing trade addressed the convention. The four union leaders were James J. Freck, president of the International Stereotyping and Electrical Workers' union; S. William McHugh, acting president of the Printing Pressmen and Assistants' Union; John W. Hayes, secretary and treasurer of the International Typographical Union, and Matthew Wolf, president of the International Photoengravers' Union.

Mr. McHugh said that many members of local unions had been carried away by the doctrine of Bolshevism but that all the officers of the international unions of the printing trade realized the fallacy of such doctrines and were contesting their spread. A similar plea was made by the other speakers who endorsed the arbitration agreement between unions and the association. Cooperation of the publishers was asked in bringing about satisfactory conditions in their offices and in aiding thru the columns of their papers, the union officers in fighting extreme radicalism.

REPORT OF HOOVER IN BERLIN UTRUE

PARIS, April 24.—Herbert C. Hoover, the head of the allied relief organization was surprised and annoyed by the publication today of a dispatch announcing his presence in Berlin. Mr. Hoover has not been away from Paris for weeks. He is unable to account for the report unless he is being impersonated.

A Berlin dispatch dated Tuesday and received in the United States Wednesday, said that Mr. Hoover had arrived in Berlin on that day with a large staff.

MEXICO WILL NOT RECOGNIZE MONROE DOCTRINE

Carranza Also Recalls Envoy to the Peace Conference

MEXICO CITY, Wednesday, April 23.—(By The Associated Press.)—The non-recognition of the Monroe Doctrine by the Mexican government and the recall from Paris of Alberto J. Pani, minister to France to await orders in Spain formed the substance of two statements printed identically by all Mexico City papers tonight as having been given out officially by Salvador Diego Fernandez, chief of staff in charge of the department of foreign relations. One statement reads: "Since December last year Alberto J. Pani has held credentials as minister to France signed by the president of Mexico. Notwithstanding the fact that the French government last November expressed its willingness to accept Senor Pani's nomination he has been unable to present his credentials to the French government through his long stay in Paris. In view of the above circumstances President Carranza thru this department has ordered that Senor Pani, together with the legation corps proceed from France to Spain, there to await cabled instructions."

The other statement follows: "The conference now meeting at Paris has considered the recognition of the Monroe Doctrine. Some governments, friends of Mexico have asked Mexico for its opinion regarding the doctrine and the Mexican department of foreign relations has answered that the Mexican government has not recognized and will not recognize the Monroe Doctrine or any other doctrine that attacks the sovereignty and independence of Mexico."

The recall from Paris of Minister Pani has been rumored unofficially for more than a week. There have also been reports that General Eduardo Haya, who has been nominated Mexican minister to Italy also will be recalled although there is no official confirmation relative to the latter report.

Refused Recognition.

Washington, April 24.—Failure of the allied powers to invite Mexico to participate in the conference of neutrals at Paris has aroused President Carranza to bitter resentment, which has been enhanced by the incorporation of recognition of the Monroe Doctrine in the covenant of the League of Nations without consultation with Mexico.

This was the explanation in well informed quarters today of statements issued by the Mexican foreign office yesterday disavowing adherence to the Monroe Doctrine and announcing the withdrawal of the Mexican representative in France. It was indicated that the development were not unexpected here, and that Carranza had been awaiting an opportunity to get his agent away from Paris for real reason that he had been unable to secure recognition from either the French or British government. It was learned authoritatively that so far from according recognition the allied powers have made it clear to Mexico that the Carranza government is looked upon with suspicion because of its treatment of foreign investors and its attitude toward foreign nationals.

MAY SEND SUB MISSISSIPPI

Washington, April 24.—Arrangements for testing and anti-submarine flotilla consisting of the destroyer Isabel, the submarine K-5, three submarine-chasers and two flying boats to the Mississippi river for display at cities and towns along the river and its tributaries, are being completed by the navy department. It was announced today that the flotilla would leave for New Orleans and then proceed upstream as far as possible.

DEMOCRATS ARE AFTER BURLESON.

It is interesting to note that the general attack these days on Postmaster General Burleson is being led by members of his own party. There are said to be members of the president's cabinet who believe it would be a great thing for the well being of the Democratic party if Mr. Burleson were to resign his position.

The New York World now serving as mouthpiece for attacks upon Burleson, has been accounted as the strongest metropolitan paper supporting the administration. Some grave political mistakes of the administration are charged to Mr. Burleson along with his mismanagement of the government business entrusted to him.

THE ROBINS DON'T KNOW.

Someone is always taking the joy out of life. Now it is a professor at the University of Illinois who declares—and presents sound reason to prove—that the robin is not a harbinger of spring. The said professor goes on to show that some robins remain in the north all thru the winter—that is as long as they have anything to eat—and that others return to the north not because the warmer days are coming but because the very warm days have already come in the south. The robin is not so wise after all.

PRICES IN AFTER THE WAR YEARS.

There is a good deal of interesting information but not a great deal of satisfaction gained in the reading of the bulletin on after the war prices, issued by the educational division of the department of labor. The records set forth show that after the Civil war there was a long period of high prices, save for a very few months in 1865, and that the pre-war levels were not reached until 1873. Then the change was attributed largely to the fact that inventions materially cut down labor costs. That cannot happen in the after the war period now, for while there may be some inventions brought forth, there has been such marked development in machinery in the past decades that not enough advance can be expected to affect prices or costs.

A SQUARE DEAL.

(From the Union Labor Advocate.) One thing is necessary to all just transactions between men. That is confidence. And, strange as the assertion may seem, confidence is precisely the element that is lacking between employer and employee. Let all those who employ labor and all those who are employed consider this statement thoughtfully.

Employers and unions have too long been in the relation of strange horse traders, each seeking an advantage, each doubting the other, and each feeling that a display of plain honesty will be rewarded by some coup or rascality. They have sat across the conference table, each scanning the other for some devious subtlety and at the same time hopelessly thinking this thought: "I wish I might talk to this man as I talk to my neighbor—fair and above-board. I wish we might quit suspecting and simply make up a square deal between us."

We believe that our republic is the greatest free institution ever constructed. We have faith in it. We have just proved this faith by tossing aside every self-consideration and giving our whole thought and action to the common deed. We believe implicitly in the government. What is the government? Why, ourselves—our employee and employer. And the faith we have in the government is simply the faith we have in ourselves, no more, no less.

Ex-senator Joseph Bailey of Texas declares that he is still a Democrat but he also admits that there is no questioning the Democratic administration has "decreased our liberties and increased our taxes."

HURRY UP WITH THE PARKING SPACE.

Jacksonville is studying the question of additional parking space for automobiles—or at least will do so seriously within a few weeks, just as a matter of necessity. In Springfield the same question is troublesome and one suggestion has been to circularize the square there by rounding the grounds near the court house and doing away with the sidewalks which now abut these grounds.

Critics of the plan declare that such a change is ridiculous because it would not provide additional space for more than 25 or 30 cars and that number is insignificant when it is remembered that there are over 5,000 cars owned by people in Sangamon county.

Over in Quincy they are away ahead in this agitation about parking space, and a council committee has been appointed to locate a site for aviation grounds. It is proposed that the city shall thus acquire an appropriate landing place for aircraft. The Quincy authorities believe that they are not looking at all too far in the future and that the development of air navigation will be just as marvelous and possibly more rapid than that of automobile transportation, practically all of which has come about in the last two decades.

"THE DAYS OF FAITH."

Talking about "these days of faith," it is time for somebody to come forward with faith enough to build a number of moderate-sized modern houses for rental purposes. It is an undeniable fact that at present there are three or four renters for every available house—that is, with modern conveniences and in decent state of repair. It is this

scarcity of houses for renting purposes that is in part accountable for the increased activity in the sale of houses, and so is one of the causes for the 20 to 25 per cent increase in the value of city property.

This increase possibly does not apply to the large old time residences, but it does to those that are of smaller size and fairly well located. There are some things which enter into the construction of a house that have increased very largely in price, but lumber, the largest factor in house building, is not more than 10 or 15 per cent higher than it was just before the war began.

Several months ago a Jacksonville woman sold a house in which she had a tenant and then at his suggestion she agreed to build another house. The construction work began as soon as the spring weather came. The building has not been completed but the owner has received more than one offer to sell it at a price which would represent a nice profit above the cost. It has not always been true that people could be urged to build houses in Jacksonville for rental purposes with the assurance that those houses would be in active demand and would pay good interest on the investment, but that assurance can be given now. If you investigate the cost of building, look around for accurate information about the demand for houses, ask about the rental people are willing to pay and you will find that the "days of faith" in house building are here.

AMERICA AND FIUME.

(St. Louis Globe-Democrat.) In his speech in the house of commons last week Lloyd George referring to the unexpected difficulties in the peace conference said: "I had never heard of Teschen, but it very nearly produced an angry conflict between two allied states and we had to try to settle the affairs of Teschen. We thing it safe to say that not one American in a hundred ever heard of Fiume. Fiume was not one of the hitherto unknown words made familiar to us by the geography of the war. Fiume was not in the minds of the allied armies who beat back the Germans last year, nor did any echo of its sound come to us from the Italians who were battling for the north of the Adriatic. Yet it now appears that Fiume is the peg from which to hang the fate of the world. The great victory of the war may be nullified, the long labor for a peace that would be permanent may be made futile, because, forsooth, of Fiume!"

Fiume (pronounced Fee-oo-me, with the accent on second syllable) is a little town of some 40,000 inhabitants, situated at the head of the Gulf of Quarnero, on the eastern side of the Adriatic. In itself it is insignificant, but it is a port of some importance, which is largely increased by its rail connections with Austria-Hungary and the Balkans. The character of its population is a subject of dispute but the Encyclopedia Britannica says that a little less than half are Italians, the rest being Slavs, Hungarians and Germans, mostly Slavs. The country about it is populated to a large extent by Slavs, and it is the Slavs, now organized in the new country of Jugo-Slavia, who lay claim to the port against the claims of the Italians. America, we venture to say, has not the slightest interest in this controversy from a physical standpoint. So far as it concerns us, materially, it is a matter of indifference to us who owns or controls Fiume. But we are immensely interested and tremendously concerned in the settlement of the war, and in the establishment of conditions of peace, that will, at least, tend to make peace permanent. Territorially, Italy has gained largely by the war. The extension of its eastern boundary to take in all of the country definitely included, if it is possible to be definite, in what was called "Terra Irredenta," has been freely and gladly conceded. Fiume was not demanded by Italy when the treaty of London was made. It was conceded in that agreement to Croatia, the Slav province in which it lies. The new Italian insistence upon the inclusion of Fiume in its territory as an indispensable condition is inexplicable to us. Both Italy and Jugo-Slavia claim Fiume upon a basis of right and justice. Conceding that Italy has a valid argument, there must be none the less an argument for the other side, or the conference would

have agreed to Italy's conditions. But whether President Wilson is justified in the uncompromising stand he seems to have taken is an open question. We are inclined to think that America will not believe that Fiume is worth all the fuss that is being made about it, and that it would be better to grant the Italian demand even at some sacrifice of principle, than to destroy the whole fabric that has been built up so laboriously and at such a sacrifice of blood and treasure. It will be a monstrous and grotesque absurdity if the new ship of international co-operation and amity should be wrecked upon the rocks of an insignificant Adriatic seaport. Fiume is nothing to us. The conditions under which the new world—if there is to be a new world—starts on its way, are supremely important. It certainly will not be a new world if the peace conference is disrupted and we are forced to revert to the old ways. Such an unhappy consummation is unthinkable.

Rippling Rhymes By Walt Mason

I endorse the good old plan of brotherhood of man, and I hate anointed kings, thrones and sceptres and such things. Therefore let me have a gun, and amuck I'll gladly run, shooting people as I go, causing streams of blood to flow. Oh, for victims I will search, and I'll burn the village church, and I'll blow up all the schools with my bombs and kindred tools. For I love my fellow men, and I'd see them free again, as they were before the flood, ere the race's name was Mud. I'd destroy the tyrant's works; so I'll shoot a dozen clerks, and I'll pilage, slay and rob, till I weary of the job. There will be a brighter day when old things are done away when there are now laws in force, and red murder takes its course when the courthouse is a dive for the toughest bums alive, and the bats and ravens perch in the old dismantled church. It will be a splendid time when we're free to wade in crime, scalping people every day, with no cop to cry, "Nay, nay!" Let me have my rough on rats and my trusty pair of gats, for I wish to go down street slaying every one I meet; thus I'll help to speed the day when old things are done away.

CHARLES WIDMAYER IMPROVES

A letter received yesterday by date. The complainant charges mayor, who is at Lorraine, Ohio, indicated that their son, Charles is still improving. He has been seriously ill from the effects of the flu but it is now hoped that he can be brought to Jacksonville the latter part of next week.

AMERICANS DECORATED BY KING OF GREECE

Honors Paid to Lt. Col. Edward Capps, Major Carl E. Black and Others for Services Rendered in Relief Work.

Lieut. Col. Edward Capps and Major Carl E. Black are among the members of the Red Cross Mission to Greece recently decorated by King Alexander for services rendered in relief work. A telegram issued from Washington yesterday stated that Col. Capps, who is the head of the mission, had been honored by receiving the cross of the Royal Order of the Redeemer. This is accounted the most important order of knighthood that can be conferred in Greece.

Among others who were decorated by the king were Major Black of this city; Mayor Samuel Walker, Lake Forest, and Major Cyril G. Hopkins of the University of Illinois. It will be remembered that Major Black left Jacksonville about the middle of September and with the other members of the mission sailed from New York. Some facts about the work accomplished have been published and evidently King Alexander has keenly appreciated the work done by the Americans in behalf of his suffering people and in the general cause of humanity.

The mission has had exceedingly difficult problems to meet, especially in the care of refugees. The trouble has not been a lack of funds but rather of equipment and of certain kinds of supplies. While the date has not yet been definitely fixed, it is understood that Major Black will probably return to the U. S. sometime in May.

LARGE FEEDING BUSINESS

One of the successful farmers of Sangamon county is George Huffaker, well known to many in this city. Recently he bought 3,400 feedings hogs and had them mostly shipped in and then of J. D. Smith he bought 20,000 bushels of corn at \$1.25 a bushel. This was some weeks since when corn was cheaper than at present. He paid that sum at the crib and hauled the corn himself. When conditions are generally favorable hogs should put on ten pounds for each bushel of corn eaten, especially if on good pasture. If Mr. Huffaker's hogs make that his corn will be a fine investment.

Why Use "Flavo" Flour

This Flour is made in the American Marvel Mill by an original process that retains all the nutrient and most of the flavor and strength that the ordinary long-system roller mill wear out of the flour. Owing to this new short system of milling the aromatic oils, which are evaporated and oxidized in the ordinary long-system mill with its great amount of handling, from this mill are retained in the flour. The fill is sanitary, entirely self-contained, and your inspection of it will prove interesting. We shall be glad to have you pay us such a visit.

"QUEEN OF THE SEA!"

Annette Kellerman, with Retinue of Nymphs
Ready to Exhibit Shapely Charms and
Marvelous Aquatic Skill at

Scott's Theatre FRIDAY

Annette Kellerman in a gorgeous, glittering triumph of ocean depth! A wonderful marine panorama—a charming love story—marvelous feats of skill and daring—beautiful sirens and mermaids—these are to be found in perfection and profusion in the new William Fox super-phantasy, "Queen of the Sea." To crown this masterpiece of filmcraft, Miss Kellerman, the world's most famous swimmer and most shapely woman performs a series of novel and startling aquatic thrills that will be the sensation of the motion picture world for months to come.

"Queen of the Sea" not only exhibits more daring stunts and more feminine charms to the square inch than any other spectacle ever filmed, but it also reveals a strong, gripping romance of mortals and immortals that will appeal to every person of every age.

The loves and hates of mermaids, robbers, fire imps, crusaders and demons of the deep are woven into a real drama which holds your attention spellbound, and culminates in a breathless climax and a happy ending.

- Some of the Big Thrills in "Queen of the Sea."
- 1—Annette Kellerman's 85-foot dive from a cable into the sea.
 - 2—Swimmer's life-and-death battle in the boiling surf.
 - 3—Heroic rescues of men from ship afire in mid-ocean.
 - 4—Tremendous storm that batters vessel to pieces.
 - 5—Desperate fight in sea cavern with balls of fire as weapons.
 - 6—Heroine's miraculous escape from death under revolving knives.
 - 7—Chained woman attacked by ferrets in the dungeon of the screen villain.
 - 8—Terrific combat beneath the waves between mermaids and sirens.
 - 9—Girl's amazing fall from the clouds into the yawning ocean.
 - 10—Sword conflict in the dark between dismounted cavalry forces.
 - 11—"Queen of the Sea" cost \$1,000,000.
 - 12—The director used 50 miles of film.
 - 13—More than 1,500 persons appear in it.
 - 14—200 beautiful girls pose as mermaids.
 - 15—The star is Annette Kellerman, modern Venus.

THIS WOMAN FOUND HEALTH

And Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Hazlehurst, Ga.—"I have used your remedies for only ten months, and they saved me from an operation. Before I took Lydia E. Pinkham's Vegetable Compound I was afflicted with a female trouble that I was forced to stay in bed for a week at a time with weakness and pain, but your medicine has done so much for me that I am recommending it to all suffering women. It certainly is a great medicine and is a sure road to health for women. You may publish this letter if you like."—Mrs. W. C. Little, R. F. D. A, Hazlehurst, Ga.

Women who suffer from headaches, nervousness, backache, the blues and other symptoms of a functional derangement should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For forty years it has been curing coming such ailments of women after other medicines have failed.

If you want special suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of long experience is a service, and your letter will be held in strict confidence.

who had made a substantial fortune, died recently, leaving a will. He named two personal friends as Executors thereunder. One refused to qualify, pleading ill health and pressure of business. The other qualified, but died when he had mastered the details of his trust.

The estate suffered serious consequences because of delay in the appointment of new Executors. In the interim dissensions arose among heirs. No one could act with authority. Money due the estate could not be received and properly acknowledged. Funds could not be distributed, notwithstanding urgent needs of certain heirs. The confusion that resulted could not be detailed in this space.

Had the testator named a Trust Company as Executor matters would have gone smoothly. Friction would have been avoided and the desires expressed in the will would have been fully met. Our Trust Officer will gladly explain the advantages of naming this company as Executor under your will.

BULLETINS

PARIS, April 24.—The possibility of ordering all American Y. M. C. A. workers out of Italy is being considered by John R. Mott, of the war work council of the Y. M. C. A. There are about 200 American workers in Italy assigned to various units of the Italian army and Mr. Mott today was somewhat perturbed over the possibility that they might become involved in manifestations of anti-American feeling.

LONDON, April 14.—(By the Associated Press)—Prominent British labor leaders have sent a telegram to President Wilson congratulating him "on your magnificent declaration for peace based on the fourteen points," and adding: "We are certain that the Italian workers will associate themselves with the international workers in supporting you."

LONDON, April 24.—(Via Montreal).—It is reported that the Russian Bolshevik headquarters staff is evacuating Orenburg, in southeast Russia, and that General Dutoff's army is advancing on the town. General Dutoff already has recaptured Orsk, 152 miles southeast of Orenburg. Large numbers of Bolshevik deserters have joined the Siberians.

WASHINGTON, April 24.—The statement of the Japanese embassy today that only 321 persons had been killed and 735 wounded up to date in the suppression of the Korean revolution was declared to be "incredulous" in a statement tonight by Dr. Byngman Rhee, secretary of state of the provisional Korean government.

BERLIN, Monday, April 21.—(By the Associated Press).—The Munich Spartacists have obtained the services of six trained military officers as leaders of the Red Guard.

They are Colonels Staubwasser, Langels and Baron von Zoller, who led brigades during the war; Major Paraquin, who joined the majority Socialists after the revolution; Captain Zuehl, a Bavarian cavalry officer, and the Prince of Wied.

NEW YORK, April 24.—Eleonor Yanez, head of the Chilean financial commission to the United States, declared in an address tonight that the government and people of Chile desire that the continental spirit of the Americans shall neither disappear nor be weakened. To this spirit he said, "we bind uniformity of ideas and solidarity of purposes in the political action of the nations of this continent."

JUAREZ, Mex., April 24.—Three American mining men arrived in Chihuahua City last night by automobile from Parral with the report that Francisco Villa and a force of 1,200 men entered Parral Sunday. No foreigners were killed and none of the foreign mining properties were damaged, according to a message received today. Villa is believed to be in control of Parral.

SEEKS TO SOLVE SERVANT PROBLEM

English Government Finds Main Reason Why Girls Avoid Domestic Service—First Official Minimum Wage Scale.

London, March 19.—(Correspondence of the Associated Press).—There are three reasons why English girls fight shy of domestic service, loss of social status, long hours of duty and lack of companionship.

These are the findings of one of the numerous committees which, on behalf of the government, are trying to find a solution of the servant problem in this country. "The fact cannot be denied," says the report, "that domestic workers are regarded by other workers as belonging to a lower social status. The distinctive dress they are required to wear marks them out as a class apart, the cap being generally presented. It is sometimes stated that the differentiation in the quality of the food for the dining room and that for the servants' hall or kitchen is another class distinction which leads to a spirit of bitterness. The customs of addressing domestic workers by their Christian name or surname is one of the causes of the superior attitude adopted by other workers recruited from the same or even from a lower social status.

"Further, the attitude adopted by the press and the stage is usually an unfortunate one, as servants are frequently represented as comic or flippant characters and are held up to ridicule." An advisory committee of the ministry of labor has laid down the first official minimum wage scale for domestic servants. It ranges from \$110 a year for a housemaid of 18 years or more up to \$150 for a cook or a housekeeper. In addition to board and washing. Hours of leisure are fixed at two hours daily, a half-holiday every week, part time on Sundays, and two weeks' holiday each year with wages.

Jacksonville Council No. 5, & S. M. will hold a stated assembly this evening. Visiting companions welcome. Geo. F. Haigh, T. I. M. John R. Phillips, Rec.

LIQUOR DEALERS

MUST PAY \$109,000
SPRINGFIELD, Ill., April 24. The government will receive approximately \$109,000 from liquor dealers of Springfield, by May 20, according to John L. Pickering, internal revenue collector. Mr. Pickering said today that the last vestige of doubt concerning the government tax of \$1,000 on holders of federal liquor licenses in dry territory was dispelled, and he has sent out notices to the holders of federal licenses requesting that they pay \$500, if they have violated the Illinois laws since January 1. This is the amount due for the half year, ending July 1, 1919.

There are 266 holders of government liquor licenses in the city. Some of the licenses are held by druggists and social clubs.

MAP PLANS FOR ZION CITY INVESTIGATION

SPRINGFIELD, Ill., April 24. Members of the joint committee to investigate Zion City and Wilbur Glen Voliva, said tonight a meeting of the committee probably would be held next week in Springfield to organize and map out a plan of action. Senator Bailey of Danville is looked upon as the probable chairman.

Although the house will be in session tomorrow for the first Friday since the assembly convened January 8, most of the members went to their homes today. Only first reading bills will be up. The senate quit for the week at noon.

A few unimportant bills were reported out today by the house judiciary committee. There was no other business this afternoon.

U. S. TROOPS ALL OUT OF ITALY

Paris, Wednesday, April 23.—(By The Associated Press).—American army officers here say there are virtually no American troops left in Italy, excepting a few railroad transport officers and military police. A detachment which recently sailed from Genoa received most cordial farewells, it is said. Brig. Gen. Charles G. Treat is reported to be at Lalbach, Jugo Slavia.

MAN DROPS DEAD IN STATE HOUSE

Springfield, Ill., April 24.—George Campbell, 50, dropped dead in the state house today. Death was due to heart disease. He was employed as a mail carrier in the automobile department of Secretary of State Emerson's office, and was well known to politicians who have visited this city. Mr. Campbell held a similar position under former Secretary of State Rose. For several years he was house detective in a leading local hotel where he kept in touch with the politicians. His widow survives.

SMITH HOMESTEAD DAMAGED BY FIRE

David Smith Property at 1061 Grove Street, Owned and Occupied By Mrs. Kellogg, Is Badly Damaged.

The old David Smith homestead at 1061 Grove street owned and occupied by Mrs. Laura A. Kellogg was badly damaged by fire and water Thursday evening. The fire which apparently started from a defective chimney was confined to the attic which was burned but the fire department kept it from getting into the lower part of the house. The furniture was removed from the house by neighbors.

Hugh B. Smith, a brother of Mrs. Kellogg said that a fire had been started in the furnace during the day and evidently the blaze had started from the chimney.

Owing to a shortage of men in the fire department and the fact that the structure has a double roof it was difficult to get at the blaze. A hole was finally chopped in the roof and the fire fought from the top of the house. In a few minutes after the arrival of the department there were plenty of volunteers and the flames were gotten under control but the department was at the scene from

HOME FROM FLORIDA.

Mr. and Mrs. W. C. Ledford have returned from a somewhat extended sojourn in the state of Florida staying most of the time at Kissimmee though visiting Orlando, Haynes City, St. Petersburg, St. Augustine and other places.

At St. Augustine they found the famous Ponce de Leon hotel closed for the season but could see the grounds which are very fine. Rooms and board at that hotel cost \$20 a day and upward and it is not opened till all the rooms are taken. It is an immense affair and the swells of New York, Washington and the northern cities generally are the guests. Its season is only from two to three months.

He found the fruit crop very promising. The last crop yielded eight million boxes and the present is expected to exceed it. He found the sons of the late George Samples down there and all very prosperous and wealthy. They have provided a good home for their old mother who is enjoying her last days in peace and plenty. He was much impressed by the good roads in the state and the loyalty every person has for the community in which he lives and for the state in general.

GIRARD.

Mrs. John Buck has returned to her home in Modesto after a week's visit with her sister, Mrs. John Rice.

Miss Cornelia McGath spent several days the past week with her sister Mrs. Burst in Jacksonville.

Roy Rice will be employed by his brother-in-law, Joseph Lessman of Raymond this summer. He left Thursday for his new work.

Little Verna Rice is spending the summer months with her grandmother, Mrs. Emma Rice. The farmers in this vicinity are all busy planting corn this week. Miss Mary Miller is spending a few weeks with Mrs. Lester Miller here.

Word has been received here that Private Paschall Leach has arrived in the U. S. from overseas service.

Mrs. John Martin is spending a few weeks with relatives and friends in Jacksonville, Ashland and Tallula.

Mr. and Mrs. Henry Greenier and sons Lester and Ebar spent a day recently with friends in Modesto.

Miss Reece of the Illinois Woman's college at Jacksonville spent several days recently with her parents, Mr. and Mrs. G. Reece.

Ebenezer and Wesley

The service at Ebenezer on the Sabbath day will be a varied one. After Sabbath School at 9 o'clock the morning service will be given over to the Cemetery Association. The people have felt for a long time that there should be a service of this kind to consider the matter of the care of the cemetery at Ebenezer now and also to provide for the future upkeep of it.

The young people will have a "pie" social Friday evening the 25th inst. The social will be under the supervision of the Epworth League. An invitation to the future upkeep of it.

The time of the service at both churches on this charge have been changed one half hour later than the former time making the need of promptness at the several services.

EASTERN STAR MEMBERS HAD NOTABLE EVENT

School of Instruction Conducted By Mrs. Caddie Davis Attracted Many Visitors.

The school of instruction held by Wilber chapter of the Order of the Eastern Star Thursday will always be a memorable event in the history of the chapter. The school was one of the largest ever held here, there being more than 150 in attendance. Mrs. Caddie Davis of El Paso conducted the school and she is generally conceded to be the best instructor that has ever visited Wilber chapter. The instruction work began in the afternoon and continued thru an extended evening session. The work was exemplified on a number of "bogus" candidates and the ceremony throut was of a most interesting kind.

Mrs. Anna Rabjohns is the present worthy matron of Wilber chapter and Mrs. L. E. Staff is the secretary. An elaborate cafeteria lunch was served at 6:30 o'clock, and Mrs. Lena Rabjohns was the chairman of the committee which had this part of the program in charge. Among the visitors present for the session were the following:

Buffs—Nina Likes, Anna Arandel, Louellen Beird, Mary Logan.

Virginia—Bertha Widmayer, Dollie Long, Margaret Campbell, Mame Wyatt Jacobs, Margaret Greer, Nellie McClure.

Beardstown—Myrtle Reed, Maud Wright.

AVIATORS MUST HAVE GOOD NERVES

Safety in Flying Hinges Upon Perfect Nervous System According to Experts—Minimum Cost of Fatal Airplane Accident.

DALLAS, Texas. — Safety in airplane flying hinges more upon a perfect nervous system than any other single element, according to experts who attended the congress of American Flight surgeons here. Good nerves are more essential than mere physical strength and muscular development they declared.

For this reason, mental condition of fliers was watched at American training camps even more closely than their physical condition.

Major J. O. McReynolds of the United States Air Service in discussing the importance of careful mental analysis, emphasized the necessity of complete confidence between fliers and surgeons. On one occasion, a cadet came to him and told of worrying because he had not heard from his sweetheart for several days.

"That man was nervous and worried and not fit to fly," said McReynolds. By keeping him out of the air until his mind was at rest I am confident I not only saved his life but saved the government the loss of a valuable aviator."

Figures presented placed the minimum cost of a fatal accident at \$50,000. Nearly every flier carries the maximum insurance, the machine costs between \$12,000 and \$20,000, and the remainder of the sum represents the government's investment in training the aviator.

ARRESTED FOR FLIPPING TRAINS

Everett Lyons, Winfield Gorman, Lloyd Tash, Richard Edge, Julian Woods and Carl Edgman were arrested Wednesday by Deputy Sheriff George L. Kimber on the charge of flipping trains. The complaint was sworn out by W. C. Heaton, special detective of the Burlington.

The young men were arraigned before Justice W. T. Dyer Thursday and entered a plea of guilty and were fined \$15 and costs. Lyons, Gorman, Tash and Edge were unable to pay the fine, and were committed to the county jail. The railroads are making a determined effort to break up this practice by boys who make a practice of riding up and down the road at will.

WILL ASK FOR FUNDS

FOR INTERSCHOLASTIC At a meeting of officers of the Athletic Association of Illinois College with F. E. Farrell, T. M. Tomlinson, R. I. Dunlap and W. G. Goebel, representing the business interest of the city, Thursday it was decided to ask local merchants to assist in financing the coming interscholastic track and field meet to be held here May 9.

The Athletic association owing to the abandonment of all athletic endeavors during the war, does not feel able to finance the meet itself. Merchants will be asked to subscribe to the amount of \$300, which will be ample to carry the meet thru successfully.

A liberal response should be made to the appeal for funds as the meet is of value to Jacksonville in more than a pecuniary way. It brings hundreds of high school boys and girls here from all parts of the state. They will spend more or less money while here. The chief value, however, is the fact that many of them probably will come here to attend college after they finish their high school work. The committee probably will start to solicit today.

A TRANSFORMATION A good many comments were passed on the peculiar looking iron work which was on the outside of the new front of Schumm's billiard hall on the northeast corner of the square and while it was unique at the same time it seemed rather unusual for an outside finish. Yesterday opinions were changed when it was discovered that it was the foundation of a beautiful stucco finish, white and quite artistic. Behind it too is a place for the popcorn machine and taken all in all the work will be a great improvement to the front of the building.

Mrs. Carl Hembrough has returned from a pleasant visit of several days with friends in Springfield.

FUNERAL NOTICE.

Funeral services for Mrs. Mary Kaskman will be held from Salem Lutheran church Saturday afternoon at 1 o'clock in charge of the Rev. J. G. Kuppler.

J. W. Ward, of the Ward Bakery, left this morning on a brief business trip to Chicago.

Dickson Gives Limited Time to Perfect State National Guard

(State Journal.)

Work on the reorganization of the Illinois National Guard, which has been in progress for some time under the direction of Adjutant General Frank S. Dickson, must be completed by June 30, according to orders issued at Washington yesterday.

The reconstruction of the guard was authorized some time ago thru the bureau of militia affairs at Washington, and a number of state units have been launched and are now ready to be taken in.

The units authorized by the government must be in such state of organization before June 30 as to be eligible for federal recognition if the war department is to extend financial aid. The organizations will be based on a peace status, a company consisting of sixty-five men as a minimum.

"It should be clearly understood," the message sent to the state department said, "that the war department does not call for at the present time but leaves initiation of its organization with

the state authorities and it is not desired to anticipate the action of congress in the formation of the national military policy, nor is it believed to be desirable to undertake the general reorganization of the national guard prior to the demobilization of the former national guard units from the United States army."

C. C. Capps who resides at the corner of Grove and Park streets has two Red Dogwood trees in full bloom in the yard of his residence. Speaking of this species of the dogwood the technical name of which is cornus florida rubra, Mr. Capps says it is a rare species and probably his are the only two in the city.

He has some of the blossoms on display in the window of the Russell & Thompson jewelry store and they are greatly admired by passers-by. The white blooming dogwoods are also in full bloom and are beautiful, there being quite a number throughout the city. However, Mr. Capps thinks the red blooming dogwood is even more beautiful.

LOCAL ODD FELLOWS OBSERVE CENTENNIAL

Illini No. 4 and Urania No. 243 Hosts to Lodges of 41st District in Centennial Celebration—Historical Address by Rev. J. O. Kirkpatrick.

One of the largest gatherings of Odd Fellows in the city for several years was that of Thursday evening when Illini Lodge No. 4 and Urania lodge No. 243 were hosts to the lodges of the 41st district in an observance of the centennial of the order.

The celebration was held in Illini's temple in East State street and one of the features of the evening was an historical address by Rev. J. O. Kirkpatrick on Odd Fellowship. Mr. Kirkpatrick has given much time and thought to the study of the history of the order and his address was greatly enjoyed by those present. The address will be published in full in a later issue of the Journal.

C. E. Seymour, district deputy for the 41st district, was chairman of the evening. The exercises opened with a piano number by Clarence Siegfried. This was followed by Rev. Kirkpatrick's address and then J. Marshall Miller made a few remarks, referring briefly to local Odd Fellow history.

Following the program the degree staff of Illini lodge under the captaincy of R. C. Allen, conferred the third degree in a faultless manner on a class of candidates. These candidates were from lodges throughout the district and were:

Albert Hayes, Murrayville No. 415; Jesse Delph, Bethel Lodge No. 42, Chapin; Fred H. Hart, Franklin lodge No. 121; H. H. Geisendorfer and H. B. Sargent, Scott Lodge No. 72, Bluffs; Allen C. Fernandes, Wilbert J. Hauck, Reuben Bates, Urania Lodge No. 243, and Roy DeFries and Samuel Green, Illini Lodge No. 4.

In addition to a large representation of members of the local lodges the following lodges were represented at the meeting: Murrayville No. 415; Bethel No. 42; Chapin; Franklin, No. 121; Concord, No. 82; Meredosia, No. 952; Scott No. 702, Bluffs; Woodson No. 711, Richland, No. 401 Oklahoma; Lynnville, No. 256; Essex, No. 721, Kankakee; Armistia No. 83, Naples; Pittsfield No. 95; Mt. HELD POST MORTEM ON HOG

Dr. M. B. Huggins of the state veterinary office has been in Jacksonville several days and yesterday held a post mortem examination on a hog which died on a farm in Sinclair precinct. Eighteen hogs have died on this same farm and as there was some uncertainty as to the cause of their dying, this investigation was made by the state veterinarian's office. Dr. Huggins found that death was caused by hemorrhagic septicemia a blood clot disease which it is said can be prevented by vaccination and the use of a special vaccine.

G. B. Kendall, county agent, and number of others were interested spectators when Dr. Huggins held the post mortem and the rapid and accurate way in which he performed his work called forth general approval.

RETURNS FROM TRIP TO RIO GRANDE

Charles M. Strawn Had Interesting Trip to Texas—Met Number of Former Local Residents.

Charles M. Strawn has returned from a trip to Texas which took him into the famous Rio Grande valley country. Mr. Strawn went on a special train operated by F. Z. Bishop of Dallas, one of the most extensive land dealers in the great southwestern country. There were ten steel sleepers, two diners and a private car on this train and Mr. Strawn went along to serve as auctioneer in a town lot sale at Harlingen. It was a very satisfactory sale, as there was plenty of demand and bids were liberal. That Mr. Bishop is an extensive operator is indicated by the fact that on this trip he sold 400,000 acres of land in the Rio Grande valley. The land there is located about twenty miles from the gulf and water is supplied from the Rio Grande river. While only two pumps are needed for regular service, six were installed so that there would always be plenty of reserve power in case of accident.

Mr. Strawn saw a number of former Morgan county men who are living in the valley and are immensely pleased with their surroundings. Henry Meiers had a 40 acre tract north east of Harlingen and on the Charles Milliken farm there is 71 acres of corn which is now waist high. Mr. Strawn also visited the John Middendorf farm, saw John Eckhoff and some other former Morgan county people. The land is valued at from \$225 to \$300 per acre, is of marvelous quality and the climate is such that crops are grown the year around. Vegetables and fruits flourish in addition to the stable grains and Mr. Strawn saw cabbages that were being shipped out and producing from \$300 to \$500 to the acre. Grapefruit trees abound there and in one orchard he saw trees which netted the owner \$30 each, and there are 90 to 125 trees to the acre. This orchard was planted six years ago.

At one of the towns in the valley Mr. Bishop had just made a donation of \$25,000 for establishment of a park on the Arroyo Colorado river. Residents there are paying their part and a magnificent park is in the making. Altogether Mr. Strawn found the country exceeded his expectations and he had never supposed that land could be so productive the year around. He also greatly appreciated the association with Mr. Bishop, who as an extensive land dealer has built up a great reputation for never misrepresenting land to his clients and being willing to refund money if they become dissatisfied with purchases.

Mr. Strawn is going south again within a few weeks to serve as auctioneer at the town of Rangerville, not many miles distant from the Ranger oil fields.

The party who took the black hat by mistake at the centennial meeting of Odd Fellows in Illini temple Thursday evening please call Illini phone 251 or Bell phone 246 to arrange for exchange.

AN APPRECIATION FROM GEN. WOOD

The war work bulletin is published in the New York office of the war work council of the national board of Young Women's Christian association. In the current issue some very interesting facts are given about the work of the association in the U. S. and overseas, the work which has been done and which is anticipated. On one page appears a copy of a letter of appreciation written to Miss Margaret K. Moore of this city by General Leonard Wood, commending the work done at Camp Funston, where for an extended period Miss Moore was directing hostess at the hostess house. The letter from this eminent American as published in the bulletin is as follows:

My Dear Miss Moore:
Before relinquishing command of Camp Funston, I wish to thank you for the splendid work which your organization has done. You have added very greatly to the happiness and contentment of the men, as well as to the hundreds of thousands of friends and relatives who have come here to see them. I do not know what we should have done without the Hostess House. It has been valuable. Every dollar spent has gone to help on the work.

In adding to the contentment of the men you have built up the confidence of their friends and relatives. You have materially aided in carrying on the work of the cantonment, because with increased contentment came better discipline and closer appreciation.

With best wishes for your continued success,

Sincerely yours,
(Signed) Leonard Wood,
Major General, U. S. A.,
Commanding.

Miss Margaret King Moore, Directing Hostess, Y. W. C. A. Hostess House, Camp Funston, Kansas.

OPTIMISTIC OUTLOOK FOR VICTORY LOAN

Chairman H. M. Capps Calls Record Thus Far Very Satisfactory—Bank Subscriptions for First Three Days Given.

Subscriptions to Victory Loan Campaign.
Alexander State Bank... \$ 6,250
Ayers National Bank... 48,500
Chapin State Bank... 19,250
Concord Bank... 41,350

Murrayville Bank... 2,500
First National, Waverly
Wemple Bros., Waverly
Woodson State Bank...
Total... \$306,500

Subscriptions above are those filed with Morgan county banks, Monday, Tuesday and Wednesday, the first three days of the campaign.

Harry M. Capps, county chairman for the Victory Loan organization, is wholly optimistic over the outlook for this county and believes the quota of \$1,365,900 will be subscribed some days before the three weeks campaign is concluded. While the statement above represents the total of subscriptions actually received by the banks of the county, it is known that several hundred thousand additional has been subscribed and has not yet been formally reported. In Waverly, for instance, the allotment for the town was subscribed Wednesday and yet nothing shows in the report for the Waverly banks above. This is so because signatures have not been secured for all the subscriptions and the committee has some work in this regard before the bank can be turned over to the bank and then transmitted to the central organization.

Chairman Capps said last night that it was greatly to be regretted that there are no reports from several points in the county. This is true of both Meredosia and Woodson. Today Charles F. Ehme, assistant director of sales, will go to Meredosia and find out the facts about the situation and to add the precinct organization in any way possible.

Today and tomorrow are expected to show heavy subscriptions for Jacksonville banks. There are a great many subscribers who have had the matter under consideration both from patriotic and investment motives, and are doubtless now ready to sign the subscription blanks and thus make figures directly available. Of the subscriptions thus far received by local bankers, nearly all run from \$1,000 to \$10,000 each. It has been the experience that with persons who have money to loan, as soon as they understand that the bonds or notes run for a period of four years, pay 4% per cent interest and are not subject to general taxation, that the investment feature immediately appeals.

It is the intention of the committee to now make daily reports of the subscriptions received thru the banks and Chairman Capps is confident that the figures will show very substantial advance before the two remaining days of this week end.

ORDRAIN FOX HAD PART IN ENTERTAINMENT

P. W. Fox has received from his son, Ordrain Fox, a copy of the Fifth Division Diamond, published in Luxemburg, April 2, 1919. The publication gives a description of an open air entertainment given April 2 at Esch municipal park by the entertainment unit of the 5th division. Ordrain Fox served as booking agent for the entertainment unit. A musical program was given by the 60th infantry band and several comedy reels were included in the program.

"ROUGH-NECK" DAY OBSERVED AT SCHOOLS

"Rough-neck" day, an annual affair at the high school, was fittingly observed Wednesday. The boys came to school dressed in all sorts of old clothes, the more ridiculous the costume the better. Some of the girls also celebrated the day by some peculiarity of dress. A number of the men teachers also laid aside usual customs and appeared in blue shirts and without ties. A pleasant feature of the day was an address made by H. H. Bancroft, who explained some points in connection with the Victory Loan campaign which is now in progress in a nation-wide way. The pupils of the David Prince and the wards schools celebrated "rough-neck" day Thursday and appeared in various grotesque costumes.

STRUCK BY LIGHTNING

Wednesday afternoon Mrs. Margaret Anderson of Pisgah precinct was out in the yard of her residence lightning struck a tree near her and knocked her senseless. She is rather large and fleshy and lay stunned for some time before she revived. Finally she regained her senses and moved about all right tho later in the evening complained of a feeling of numbness. It is probable that no serious consequences will ensue.

HAVE COLOR IN CHEEKS

"Be Better Looking—Take" Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get the cause. Dr. Edwards' Olive Tablets act on the liver and bowels—like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nights and note the pleasing results.

SUCCESSFUL ODD FELLOWS CONVENTION

A Feast of Reason and Fish Were Greatly Enjoyed at Beards-town.

The 16th District Encampment Association I. O. O. F. of Illinois met in Odd Fellow's Hall in Beards-town Wednesday afternoon and evening.

Jacksonville was well represented, altho about half of the Jacksonville crowd were prevented from going by the sudden and heavy rain which fell just as the party was ready to start in automobiles with a class of candidates a truck load of paraphernalia and the splendid Degree Staff of Ridgely Encampment No. 9 in charge of Degree Staff Captain John T. Roberts.

The program published in Wednesday's Journal was given except the Golden Rule and Royal Purple Degrees which were necessarily omitted caused by the unavoidable absence of Ridgely Encampment's Degree Team.

Three splendid addresses were delivered by Grand Patriarch Livingston James of Kankakee, Grand Scribe Sam J. Baker of Olney and the Rev. G. C. Cantrill of Chapin.

A class of ten candidates were initiated into Mt. Vernon Encampment No. 7, the work being conferred by the efficient Degree Staff of Temple Encampment under the able direction of Degree Staff Captain C. O. Bayha. Ridgely Encampment No. 9 invited Mt. Vernon Encampment No. 7 to bring their splendid class of young men to Jacksonville at an early date to receive the Golden Rule and the Royal Purple Degrees with a class of Old Ridgely's candidates.

About a hundred men sat down to a fish supper at 6:00 o'clock Wednesday evening and again at 12:00 o'clock Thursday morning.

Much hospitality, brotherly love and enthusiasm were shown at the pleasant gathering of Patriarchal Odd Fellows.

The next convention of the 16th District Encampment Association I. O. O. F. will be held at Meredosia Sept. 25th.

BLUFFS SOLDIER BOY DECORATED IN FRANCE

Distinguished Service Cross Was
Awarded to Private Roy H.
Beird for Extraordinary Hero-
ism in Battle—Smith Fouch
Arrives from Overseas—Other
Bluffs News Notes.

Bluffs, April 23.—In Sunday's
Journal mention was made of the
fact that one of our Bluffs boys
had been decorated by General
Pershing, at Coblenz, March 16th.
At that time only the announce-
ment had been received, but on
Saturday Mr. and Mrs. E. D.
Beird received the official notice
of the decoration of their son,
Roy H. Beird, who is a member of
the 78th Co. 6th Regiment Mar-
ines, now with the army of occu-
pation. The notice sets forth the
fact that the Distinguished Ser-
vice cross had been awarded for
extraordinary heroism in battle,
in the action of Oct. 3rd, 1918, at
Blanc Mont, France. When their
company was held up by an enfil-
ading fire from a machine gun
nest, Private Beird with three other
soldiers volunteered, and made
a flank attack on the nest with
bombs and rifles, killing three
members and capturing twenty-
five, with three machine guns.
Roy went in action in France
on September 12th, and was with
his company until the 8th of Oc-
tober, when he was taken ill with
the flu. He came thru the war
without an injury and his numer-
ous friends here are greatly pleased
at the honorable mention.

The war tank stopped at Bluffs
at 1:30 Tuesday enroute to Win-
chester and drew a large crowd.
It sure was some sight.

Forrest Adkins, Milburn Shaw
and Clarence Boyd reviewed the
war tank in Mercedes Tuesday.
Smith Fouch arrived from over-
seas and landed in Bluffs Tues-

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotions

tifier, at very, very small cost.

Your grocer has the lemons
and any drug store or toilet coun-
ter will supply three ounces of
orchard white for a few cents.
Massage this sweetly fragrant lot-
ion into the face, neck, arms and
hands each day and see how
freckles and blemishes disappear
and how clear, soft and rosy-
white the skin becomes. Yes!
It is harmless and never irritates.

day. He saw active service in
France and while he is looking
fine, his nerves are somewhat
shattered and he is greatly in
need of quiet and rest. Of all the
returned boys, none seemed more
pleased to be home than he. His
friends sure welcome his return.
Mr. and Mrs. Horace Sapping-

spent Easter Sunday with friends
in Griggsville.

Serget John O. Brien and Pri-
vate Leo Bishop have landed in
New York from overseas and are
expected home soon.

Sam Carlton and wife have
leased the Nellie Mulheim prop-
erty and will occupy it soon.

Hal Kendall and family of
Beardstown expect to move into
town and will occupy the Carrie
Steen property in the west part.
Mrs. Kendall was formerly Miss
Frances Meehan and her friends
welcome her return.

Quite a number from Bluffs at-
tended the soldiers' banquet and
viewed the war tank in Winches-
ter Tuesday.

LIFE OF VETERAN OF WAR OF 1812 RECALLED

Jeremiah Daniel, well known to
earlier residents of the county,
died many years ago after an
eventful life as a pioneer and vivid
experiences in the war of
1812. Among his grandchildren
are a number of residents of this
county and they have in their pos-
session a clipping from a news-
paper published in 1857 which
gives the following narrative of
some of the events of Mr. Dan-
iel's life.

The grandchildren are Mrs. Ma-
tilda Daniel Groves, East College
street; Mrs. Rachel Daniel Cline,
Pisgah; Thornton Daniel, Arenz-
ville; Mrs. Martha Daniel Fobar,
Centerville; Reeson Daniel, Man-
chester; Isaac Daniel, Franklin.
It goes without saying that the
newspaper clipping which gives
the paragraphs below is greatly
prized by the relatives:

The Old Defenders Are Passing Away.

Died, in this place, on Sunday
last, the 10th inst., Jeremiah
Daniel, in the 70th year of his
age.

Mr. Daniel was one of that
venerated band, now being
rapidly gathered away who shared
the dangers and the triumphs of
our war with Great Britain in
1812. As a citizen soldier, he par-
ticipated in the great battle of
New Orleans, on the 8th of Janu-
ary, 1815, under the command
of Gen. Jackson and witnessed
the prompt and overwhelming
discomfiture of his country's foes
on that memorable day. The bat-
tle of New Orleans—brilliant in
itself as a record of American
valor, but doubly glorious as at-
testing the efficiency and readi-
ness of the citizen soldier of this
country to defend their homes—
can never fade from the page of
our country's history. The
chivalric and noble spirits, may
pass away from earth—they are
rapidly passing, till but here and
there a lingering veteran remains
—and the inheritors of their
glory may soon in sorrow bear
the last to the tomb, but their
memories will live and be cher-
ished with fondness while liberty
abides on the earth.

Mr. Daniel early removed to
the state of Illinois, where he
continued to reside over a quarter
of a century. He saw the state in
its infancy—witnessed its
growth—and was graciously per-
mitted to behold it in the fulness
of its unexampled prosperity and
improvement.

In the first year of the present
century—57 years ago—Mr. Dan-
iel attached himself to the Prim-
itive Baptist church, in the faith
and fellowship of which he con-
sistently lived and triumphantly
died. His dying moments were
consoled with the assurance of a
blessed immortality; and thruout
his protracted illness he seemed
but as the weary pilgrim, after
the march of a long and eventful
life, calmly preparing to enter up-
on the rest which he felt was his
own.

Death is generally depicted in
hideous colors, but there is a
moral beauty in death sometimes.
When the good old man, who has
lived beyond his three scores and
ten, in usefulness and duty,
comes to rest—when those limbs,
once athletic and strong, are en-
feebled with age and disease—
When the eye, once radiant with
life, is sunken in the dim and
dimness of death—to see the vet-
eran calmly resign his hold on
life, and joyously depart to his
reward, the grief may rend the
soul of the relatives and a tear
glisten while in the eye of the
spectator, it is a beautiful sight!
May the aged and the good, when
they can hold to them no longer
thus always depart.

ENDOWMENT PLANNED.

The trustees of Ebenezer cem-
etery will present the question of
raising an endowment fund for
cemetery maintenance after the
regular church services next Sun-
day morning. This is a matter in
which every member of Ebenezer
church and cemetery is interest-
ed.

By order of The Board of
Trustees.

Rev. J. J. Peters of Chandler-
ville visited the city yesterday.
The gentleman has been secured
to occupy the pulpit of the Con-
gregational church Sunday.

her a child about four years old.
The lady turned for an instant to
notice something in the store
when the child dashed across the
corner crossing toward the Jack-

W. S. S. RECORD FOR STATE ARE COMPILED

Morgan County Third in Illinois in Sales Record For Month of March.

Chicago, April 24.—March sales of war saving stamps in Illinois show a healthy increase over the total in February. The fact that on the eve of a big liberty loan campaign the stamp sales amounted to \$1,010,106.50 is proof of the contention of the saving division that the two loan activities of the treasury department are not in competition with each other. Those who buy stamps are buying bonds also. They put the small savings into war savings stamps which keep before their minds the advisability of saving and careful investment and the availability of government securities for this purpose.

Reports compiled at Washington from receipts at the treasury credit Illinois with \$3,802,391.00 for January and February, making a total of \$4,072,497.50 for the first three months of the year. For January and February Illinois has a per capita of .61, while the average for the United States is .58.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to the daily labor in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any drug-gist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have it on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

WORTH MORE THAN ALL MONE YO NEARTH

Mrs. Raspberry Able to do Housework First Time in Four Years—Gains Thirty-Five Pounds.

"I would rather see my wife well and happy like she is since taking Tanlac than to have all the money in the world," declared Henry Raspberry of 1812 Campbell street, Kansas City, Mo. Mr. Raspberry, who has recently been employed as a foreman by the Armour Packing Company, was formerly in the service of the Missouri, Kansas & Texas railroad.

"Before my wife took Tanlac," continued Mr. Raspberry, "she had rheumatism in her limbs so bad she couldn't even dress herself. I would have to help her out of bed in the mornings and put her clothes on for her. Her stomach was in such a bad condition that she could hardly digest anything. The gas on her stomach would cause intense pains in her side and such awful spells of palpitation of the heart that she could hardly stand it. She was extremely nervous, her breath was short and very offensive, and she had fallen off in weight until she was hardly more than a frame."

"At the time she began taking Tanlac she only weighed eighty-seven pounds and had not been able to do any of her housework in four years. But she now weighs one hundred and twenty-two pounds—has actually gained thirty-five pounds—and is as healthy and active as she was thirty years ago. The rheumatic pains have all left her and she can do all her work and look after the family without the least trouble. She can eat meats, pickle, all kinds of vegetables and anything else she wants and never have a sign of indigestion. She is not the least nervous any more, sleeps like a child every night and is as well as she ever was. I can't find words to express my thankfulness for what Tanlac has done for her. It is nothing short of wonderful."

Tanlac is sold in Jacksonville by Coover and Shreve Drug Stores.

WHY INTER-ALLIED MISSION FAILED

Did Not Include Armistice Between Ukrainians and Poles at Lemberg Because Ukrainian Leaders Were Suspicious that Mission was Favorable to Poles

Stanislaw, Capital of West Ukraine, April — (Correspondence of The Associated Press.) Failure of the Inter-Allied Mission to conclude an armistice between the Ukrainians and Poles at Lemberg is attributed by Premier Isadore Holubowitz, of the Ukraine to suspicion by Ukrainian leaders that the mission was disposed to be favorable to the Poles.

"It was due to our belief that this mission came prejudiced by Polish views," said the premier to the correspondent of The Associated Press in an interview in which he discussed the determination of the Ukrainians to fight for Lemberg to the bitter end. "They did not come direct to us," continued the premier, "but by the way of Poland and they stayed with us relatively only a few hours. They appeared to regard us as Bolsheviks."

"What we want is a mission coming to live among us who will see that we are a united people who may be defeated but will die for our rights. We are not recognized diplomatically at the Paris Conference, our diplomats are refused admittance to France and they are unable to proceed to America."

"It is my fear that if the fighting continues here it will all wind up with another Balkan situation for many years and has kept these peoples poor. We regret to say that in our opinion the French fear of the Germans and the consequent willingness to help the Poles is the cause of the inability to adjust the Lemberg oil fields dispute."

"We were asked to abandon our military lines and retreat about 30 miles until we were clear outside of Lemberg. Even had we been willing to grant this our soldiers would not have permitted it. The truth is that the Ukrainian population extends as far as Premysl but we asked only for Lemberg. It is true there are Poles in Lemberg but all the country around is Ukrainian. "Many lies have been told about us. One of these is that we are Bolsheviks. This is not true. We are now fighting the Bolsheviks and will continue to do so. Another lie is that we are using German money to fight the Poles. The truth is that most of our money comes from East Ukraine. The remainder we furnish ourselves."

selves or it is obtained from the oil refinery which formerly was the property of the Austrian government. The capital of the oil country is partly Jewish and German but mainly French and English.

Most of our difficulties arise from the fact that it is unknown abroad that the Ukrainian people number nearly forty millions allied by blood the separated by hundreds of years of Austrian and Russian domination. Other nations do not know that we are prepared to perish if we must in order to assert our nationality. It is true that we have no nobility or wealthy classes but we are purely democratic. It is true that we are largely small farmers without a high degree of culture but we will obtain that culture if we are permitted to help ourselves.

"All we ask for is our rights and these we will have now or if Europe will not permit it then it must be later but at the expense of our blood and those of others."

ENDOWMENT PLANNED. The trustees of Ebenezer cemetery will present the question of raising an endowment fund for cemetery maintenance after the regular church services next Sunday morning. This is a matter in which every member of Ebenezer church is interested.

For the Trustees. The West Side Art club will meet this (Friday) afternoon with Mrs. Sallie McDaniel and Miss Clara Davis at the home of Mrs. McDaniel.

FORMER WHITE HALL MAN COMMITS SUICIDE

Dr. A. B. Wigginton Drowns Self in Lake Michigan—Suffered Breakdown Following Attack of Influenza—Other News Notes.

White Hall, April 24.—Dr. A. B. Wigginton, a former resident of this city, committed suicide by drowning himself in Lake Michigan at Chicago Wednesday.

Dr. Wigginton had been practicing dentistry in Chicago for the past two years, having previously to that been engaged in the practice of dentistry in Pittsburgh Pa. and Kansas City, Mo.

Last winter he had an attack of influenza and had a breakdown from which he did not recover. Wednesday morning he left his home, 1144 Pratt Boulevard, telling his wife he was going to work.

About noon Mrs. LaMont, 1130 Parnell avenue, notified the Rogers Park police station that the body of a man was floating in the lake at the foot of Parnell avenue.

Plumber Thought He Needed New Pipes

"My stomach and intestines were always full of gas and I often had severe colic attacks. The pain and soreness caused me to think I needed a new set of pipes. Since taking Mayr's Wonderful Remedy all this has disappeared and my only trouble now is to make enough dough to buy all the food I like to eat."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

Dr. A. B. Wigginton was the son of A. W. Wigginton of White Hall and was born in White Hall about 48 years ago, and grew to manhood here. He graduated from the dental school of Vanderbilt University in Nashville, Tenn., in 1896 and took up the practice of dentistry in White Hall. After a short period here he went to Pittsburgh, Pa., and later to Kansas City. He went to Chicago about two years ago and was employed by a dental firm at Forty-Seventh and Ashland avenue.

He is survived by his widow, his father and one sister, Mrs. A. W. Worcester of Granite City. The remains will be brought here for burial but the time of the funeral is not yet known.

To Dedicate New Church.
Rev. J. O. Raines will dedicate a new Baptist church at Mt. Zion near Kilbourne, Mason county, next Sunday. The church is located in a splendid neighborhood, and is a well equipped edifice.

The local campaign for the disposal of White Hall's quota of the victory loan is beginning to get under headway with the publicity feature well in hand, by J. H. Piper, publicity chairman. White Hall's quota is \$198,000, and the total subscriptions now approximate \$20,000, with the People's Bank leading with \$12,400. The White Hall National Bank holds \$100,000 in treasury certificates, which almost balances its bond quota of \$100,100.

Mrs. Guy Lynn and Mrs. Clyde Richardson, of Jacksonville, are guests of Mrs. James Haddock. Athletic events tonight and literary events tomorrow night will determine who will represent White Hall high school at the annual county contest, which will be held on May 17 this year at Greenfield.

MUST BUILD FOREIGN TRADE ORGANIZATION
James W. Hook in Address Before National Foreign Trade Convention at Chicago Dwelt on Desirability of Specialized Export Selling.

Chicago, April 24.—James W. Hook, president of the Allied Machinery company of America, today told the National Foreign Trade convention that the war caused an expansion of producing capacity in the United States that is greatly in excess of home demand.

Therefore, he said, export markets must be sought, new selling methods introduced and the same thought given foreign trade that has characterized highly developed domestic trade methods.

"I am a great believer in the theory that American goods should be sold abroad by American agents," he said. "We should have American leadership. We ought not to go back to pre-war days when the American producer handed over his foreign selling rights to foreigners who, in a great many cases, only tested the market with American goods and then manufactured these goods as competitors. But American capitalists and American manufacturers have not prepared for the present-day conditions that the simplest foresight made apparent as the war progressed.

"America must immediately enter upon the serious business of building a foreign trade organization. She must not operate through foreigners any longer. She must lay the foundation of complete independence from every nation in the world in all matters involving her export trade.

"Foreign trade is not a part of our national life as it should be. And it will not be such until every person who produces anything understands what world trade and export market mean specifically for him.

Mr. Hook dwelt on the desirability of specialized export selling, a type peculiarly fitted to the manufacturers of this country. Among fundamentals to be observed he mentioned the handling only of non-competing lines; specialization in one kind of goods; necessity for the manufacturer to back the exporter. He pointed out that there may be a positive detriment in the manufacturer insisting upon the export selling organization increasing the turnover. By so doing the investment may grow out of proportion to the turnover. This would result inevitably in the salesman adding a higher percentage of profit which in all probability would give the advantage to a competitor.

EXPORT BUSINESS NOW ON CAS HBASIS

American Manufacturers Indifferent to Position of Exporter in Declaration of Speaker Before National Foreign Trade Council.

Chicago, April 24.—A convention to bring about closer relations between the manufacturer and exporter was advocated by W. H. Douglas of New York, in an address tonight before the National Foreign Trade convention.

"Manufacturers today have placed the export business entirely on a cash basis, and while they know that discounts must be granted to the buyer abroad, they are indifferent to the position of the exporter," he said. They sell in their domestic trade on long terms to parties frequently of little or no standing, and yet they penalize the exporter by rules which require him to pay them generally long before he can ship the goods abroad; and furthermore they expect the buyer on his part to give credit abroad when he does not receive it at home."

After pointing out the difficulties to be found in developing foreign trade and urging that businessmen "lay aside all delusions and altruistic ideas, he made these recommendations: co-operation of all interests, backed by the government; wider extension of banking facilities; improved cable carrying service; more Marine Insurance Companies and

From County Agents Office

Believes in Organization.

A young man living in the eastern part of the county who had never seen the county agent, called him up the other day and asked for a membership blank for the Morgan County Farmers' club. It was sent by return mail and as promptly returned, duly signed. A prominent farmer in the southern part of the county voluntarily stated that he was ready at any time to take out a membership in the Illinois Agricultural Association at \$5.00 per year. Another young man called at the office and said that nobody had asked him to join but he believed it was a good thing. He joined. There are some signs that our farmers are awakening to the need of organization as well as any other business.

Threshing.
A number of company owned machines were purchased last year and more will be bought this. In the near future it will be very much in order for the threshermen in the county to meet, form an association, and appoint a committee to confer with a committee of representative farmers about the price of threshing in 1919. If this is done in a business like way there will not be any misunderstanding or friction between the professional thresherman and the farmers who do not own machines.

Farm Labor Again.
Last summer we proceeded on the presumption that when a man asked for work and was referred to a job he would go after it. On at least two occasions men were directed to farmers near Franklin, and promised railroad fare both ways if they did not land the job. They assured the county agent they would report without fail, but one of these was found working on a town job two days afterwards and the other never reported anywhere. This season we are going to give the reliable fellow a trip by auto one way, and then if they won't work they can get back any way that is convenient. However, this service will be given only to members of the Farm Bureau.

FISHING VESSELS

CARRY LIQUORS
Havana, Cuba.—The captain of the Port of Havana has notified firms which furnish supplies for fishing vessels that watch will be kept over such shipping and that visits of inspection will be made to see that they carry no more food and liquor supplies when leaving port than is necessary for their own use.

This measure is due to information received by the port officials that several fishing vessels have taken quantities of rum and other liquors aboard to be exchanged in American jurisdictional waters for other merchandise.

SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

(By Dr. Valentine Mott.)
At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks, those who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a god alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by druggists in this country as Doctor Pierce's Pleasant Pellets. Davenport, Iowa.—"Dr. Pierce's medicines have been giving my family the utmost satisfaction for the past fifteen years. I have taken 'Golden Medical Discovery' off and on, whenever in a run-down state or in need of a tonic, and one bottle each time restored me to a perfectly healthy condition."

"We think there are no medicines equal to Dr. Pierce's, for they never once failed us and we both take the greatest pleasure in recommending these remedies to our friends." — S. P. PLUMB, 1655 Prairie St.

Mrs. Nellie Crane was up to the city from Woodson yesterday. W. H. Deppe of Beardstown visited yesterday with his brother, C. J. Deppe, the popular dry goods merchants of this city.

Another unwelcome cold wave struck the community yesterday morning and increased the frigidty during the day. It was hoped that wind and clouds would ward off frost during the night.

Planting for
Other News

White Hall, April 23.—The White Hall memorial tree planting held on the 23rd inst. in honor of the seven White Hall boys who died while in service during the late war has attracted the attention of the editor of the American Forestry Magazine, Mr. P. S. Ridsdale, of Washington, D. C., who recently got in touch with Postmaster J. E. Wyatt and has been furnished with an extended article covering the event. The planting of trees in this way seems to have been suggested by a national literary publication, and the fact that White Hall has brought wide attention to the White Hall event. The regrettable feature is the fact that every arrangement for obtaining pictures of the gathering failed, and the article in a forthcoming number of the American Forestry Magazine will not be illustrated.

Head Skin Diseases

It is unnecessary for you to suffer with eczema, itching, ringworm, rashes, and similar skin troubles. A little zemo applied at any drug store for 3c, or \$1.00 for a large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing fluid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get today and save all further distress.

E. L. Wendell Thinking Again

E. L. Wendell of Beardstown, who was quoted in these columns a few weeks ago in connection with his labor activities and opposition to the new labor party, writes of impressions of members of the legislature and has almost completely returned to the name of Governor Lowden for the presidency. Wendell says:

"I have been thinking about some things, and I thought I would write you again. I am quite well acquainted with Senator Jewell from the district Fulton county is in, and also Minor Representative Rice from the same district. They are here (Beardstown) once or twice a week, and are always found at the Burlington restaurant, opposite the depot, where I get my check. Our senator from this district, William Dietrick, is the chairman of the joint committee of the house and senate appointed to investigate the doings of Wilbur Glenn Voliva, the successor of the late John Alexander Dowie, of Zion City. This investigation was started by Senator Swift from the district Zion City is located. Senator Jewell read me the letter Wilbur Voliva wrote Senator Swift. Senator Jewell had a duplicate that had been mailed to him. The language Voliva uses in anything but sanctified or holy. He calls Swift a coward, a liar, a hypocrite and a lot of choice names, and wound up by saying that Swift was indicted in the state of Indiana for getting money from the state senate, and also Speaker Shurtliff of the house, and then blamed Shurtliff up in a letter that accuses Shurtliff of being everything but a gentleman. Wilbur is sure on the war path, and the legislature is having some fun. I tell you, Senator William Dietrick of this district, who is chairman of the committee to investigate Zion City, is a strong man, and is noted for his absolute fearlessness and the bulldog tenacity with which he sticks to a job until it's done and done right. Senator Dietrick is considered the leading member of the bar of Beardstown, and his friends have no doubt that Mr. Voliva and Zion City will get a thorough airing at his hands."

"I hear a great deal of talk about the availability of Governor Frank O. Lowden for Republican candidate for president in 1920. He strikes me at the present writing as being a very strong and promising candidate. I think the Republicans of this state ought to get behind him and push him for the place good and strong. Some Republicans in my humble judgment, is sure to be elected president in 1920. We are going to need something the Republican party alone can give us. We must have a protective tariff to keep a flood of European goods out of the American markets. Even England is abandoning free trade, and it seems altogether probable that Great Britain and her colonies will enter a sort of tariff which foreign goods will be excluded from Great Britain and her colonies, and the policy of a protective tariff applied in a drastic manner so as to keep the British market for British goods. The United States must follow the same policy. Then we need and must have a stringent immigration law that will practically stop all European immigration for the next ten years. Only by following these two policies can we maintain for the American laboring man the present high standard of wages and living conditions. If we don't stop immigration millions of Europeans will pour over here to break down the present scale of wages, and generally deteriorate our civilization. We have enough material now for the I. W. W. and the Bolsheviks to work on and make trouble for decent people without importing any more inept anarchy and trouble makers from Europe."
